

SECTION C: Description and Specifications

C.1 Statement of Work:

C.1.1 Statement of Work:

Services may involve procurement, installation, repair/replacement, or maintenance of systems that include, but are not limited to:

- 1.1 Uninterruptible Power Supply (UPS) Systems;
- 1.2 Battery Systems and Battery Chargers;
- 1.3 Power Distribution Units and Surge Protection of Transient Voltage Suppression System (TVSS) Equipment;
- 1.4 Motor Controllers/Motor Control Systems and Variable Frequency Drives (VFD);
- 1.5 Supervisory Control and Data Acquisition (SCADA) of Direct Digital Control (DDC) and Remote Monitoring Systems;
- 1.6 Programmable Logic Control (PLC) Design and Programming;
- 1.7 Power Generation Systems (Standby and Prime) Peak Shaving and Co-Gen;
- 1.8 Switchgear, Line Conditioners, Inverters;
- 1.9 Transfer Switches;
- 1.10 Load Banks;
- 1.11 Transformers and Voltage Regulators;
- 1.12 Chillers, Cooling Towers, Packaged Heating, Ventilation, Air Conditioning (HVAC) Systems and Air Handlers;
- 1.13 Site Surveys, Engineering, Installation, Emergency Repair and Preventive Maintenance;
- 1.14 Construction, alteration or repair services associated with services and/or product installation;
- 1.15 Systems Engineering Support.

These locations include, but are not limited to, shore based permanent and relocatable components, such as communication centers, transmitters, receivers, antennas, data processing centers, training facilities, laboratories, C4I facilities and cryptographic centers.

C.1.2 Hazardous Material:

Hazardous materials, i.e. asbestos and PCB, may be present at any project location. The firm or its subcontractors may be required to conduct hazardous material removal; surveys, including testing and sampling, provide design removal procedures and, if required, prepare construction contract documents in accordance with applicable rules and regulations pertaining to hazardous materials.

C.1.3 Contract Type:

The contract will be awarded on an indefinite delivery/indefinite quantity basis for a one year base period and four one year options. Each task order will be a firm fixed price contract.

Multiple awards under this RFP are anticipated. One or more of the awards will be awarded to small businesses offering the best value to the government. The government does not intend to formally "set-aside" the small business awards under procedures set forth in FAR Subpart 19.5, although we do intend to reserve awards for small businesses.

C.1.4 Evaluation Factors:

All proposals will be evaluated based upon the solicitation requirement and evaluation factors without regard to business size classification. After award of the basic contracts, the government may choose to compete any task orders between the multiple awardees.

Evaluation criteria for successful offeror(s) shall include: specialized technical experience and qualifications, past performance, and small disadvantaged business participation target goals.

C.1.5 Minimum and Maximum Contract Ceiling:

The ceiling will be \$30 million over the entire contract period, across all contracts awarded. With a guaranteed minimum of \$75,000.00 for each contract in the first year only.

C.1.6 Place of performance and/or Delivery:

The place of performance and/or delivery will be specified in each order. The selected firm(s) may be subject to an advisory audit performed by the Defense Contract Audit Agency. A subcontracting plan will be required from the selected firms if the firms are large companies not qualifying as small or small disadvantaged businesses.

C.1.7 Subcontracting Plan:

The subcontracting plan shall have goals of setting aside for small disadvantaged businesses not less than 5 percent of the efforts subcontracted. This does not apply if the prime firm is a small business.

C.1.8 Due Date:

Responses to this solicitation will be due 30 days after the RFP is posted on the NAVFAC website (<http://esol.navfac.navy.mil>). Firms interested in responding to the solicitation should send their proposals in accordance with the RFP. If you would like to receive an email notification that the RFP has been posted on the website, please send your email address, along with the name, address, and phone number of your firm to Mr. Wilbur V. Meeks, Contract Specialist via email at: meekswv@nfesc.navy.mil.

C.2 CONTRACTOR WORK FORCE RESPONSIBILITY:

It shall be the full responsibility of the contractor to organize, furnish, maintain, supervise and direct a working force which, within the limitations of the provisions of this contract, is thoroughly capable of effectively performing the work set forth in this contract.
